FOR IMMEDIATE RELEASE:

AAA and Seidner's Collision Centers Gift Car through Recycled Rides

Duarte, CA – June 24th, 2013 – Seidner's Collision Centers and the Auto Club of Southern California presented a 2007 Hyundai Entourage to a local family on Saturday, June 22nd, at the Loma Linda Seventh Day Adventist Church, Loma Linda, CA. Well over 2000 people were in attendance to share in the excitement of this "live" video presentation that was seen worldwide throughout the Adventist Television Network.

"Today was an extraordinary day for all that were involved in this project," states Steve Seidner, Vice President of Seidner's Collision Centers. "Anytime you can bring different entities together and create something this great, it's just beyond words. All our employees and partners were honored to award this car to Kylie Alexander and her daughter Alana."

Rick Lewis, Auto Club claims unit manager said, "The Auto Club is honored to work in partnership with [Recycled Rides](http://www.recycledrides.org) (www.recycledrides.org), which shares our commitment to give back to the community. We admire Kylie's resiliency and determination to get through the challenges in her life. We consider it a privilege to help our trusted partners such as Seidner's and Recycled Rides whenever possible."

"The day could not have been more incredible," were the words spoken by Burt Clark, Loma Linda UReach Assistant Director. "The generosity shown by the Auto Club and Seidner's will hopefully lead the way for others to see the positive effects of working together and helping others. This will change Kylie's life and enable her to reach her goals of providing a loving, safe home for her daughter and continue her educational pursuit. The grace expressed by this day is truly amazing."
